DAVID SAYS...

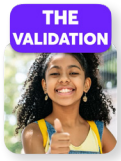
"Choose where you will put the focus in your story, because you have limited time. How many sentences do you need to tell about the Pain? Can you share What's Unique about the product in a couple of sentences? Is the Introduction a simple, 'This is who we are, this is what we do?' or will you immediately dive into the Pain? The order of the pitch topics below is a suggestion – you can change it if you wish – and always bear in mind that you need to hook your audience on the value of what you deliver, not just tell about the product."

Introduction:

What's the problem you solve? How big is it? Who are the customers? What are they losing?

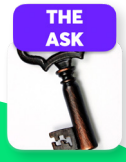
Tell in a few sentences what it does, and how much it improves on the problem.

What Impact do you make on People, Society, and/or the environment?



What have you done to Validate with customers? Interviews? Mock-ups testing?

What is your personal motivation? Why did you choose this problem to solve?



Tell as short as possible what you are looking for: investment, introductions, visit web site?

What's you personal motivation for doing this? Why did you choose this problem to solve?
